

Carefully trim the leading edge, trailing edge, and notch of each diagonal rib to fit snugly. If ribs are too long, trim excess from the back. USE A SHARP RAZOR BLADE!!

ALIGNING THE RUDDER

Angles 1. and 2. should be the same viewed from the nose. If 1. is larger, model will turn left. If 2. is larger, model will turn right.

RUDDER AND DIHEDRAL GAUGE.  
Make from an index card or thin cardboard.
